

*Collision Center*

After much thought and consideration, my wife Chris and I have decided to retire and pass Auto Works Collision Center on to the next generation. We would like to thank all of our customers for allowing us to provide a service to them for the past 31 years. Some were friends that turned into customers but most were customers that turned into friends. Some have brought 4 generations of family to us and we feel very grateful to have such loyal customers. Someone once told me that life is not about the money you make or the things that you have but rather the number of friends you make along the way. These are the most important riches we will take with us, all of our friends that we have made along the way. Thank you all.

We would also like to thank all of the people that helped us along the way. We have always tried to provide the best service in our market and we could not have done that without the dedication of all of our employees, past and present and the relationships we have made with our vendors. Again, Thank you all.

But now it is on to the next phase of our lives. We are excited for the future! Chris tells everyone that her priorities are, spend time with grandson, family, friends and me (notice I am last). As for me, I plan on spending more time with family and friends, more time in the outdoors hunting and fishing, training my dogs and avoiding that dreaded honey do list.

We ask all of you to continue to allow Auto Works Collision Center to provide for your collision needs. We are very confident that we have left Auto Works in very good hands that can continue to provide you the top level service that has made Auto Works Collision Center one of the most respected shops around. So stop by and talk to Chris Chippeaux, who is the new owner. Some of you already have met Chris as he has been with us the past 2 years, so it does seem like we are passing it on to family.

Again, Thank You Wichita for 31 years!

With Our Deepest Gratitude,

Dennis and Chris Allison
